MEMORANDUM FOR: Samuel J. Chilk, Secretary
Office of the Secretary
of the Commission

FROM: John H. Frye, III, Administrative Judge

SUBJECT: REQUEST FOR HEARING

RE: SEQUOYAH FUELS CORPORATION - DOCKET NO. 40-8027 *MLA*

RETURN TO 396-SS PDR

I have enclosed a copy of a request for a hearing on the Comprehensive Radiological Waste Storage and Disposal Plan of the Sequoyah Fuels Corporation (SFC). This Plan was filed with the NRC Staff on May 24, 1985, pursuant to condition 2 of license amendment 25 to License SUB-1010 held by SFC. The request was filed with the Atomic Safety and Licensing Board by the Native Americans for a Clean Environment Client Council (NACE), which is a participant in the informal proceeding concerning SFC's request for an amendment to License SUB-1010 which would permit it to add a UF₆ to UF₄ conversion facility at its existing plant. I am presiding over that proceeding.

Both NACE and the National Water Center (NWC), another participant, have also sought to raise the matter of the Storage and Disposal Plan in the proceeding over which I preside. On December 2, 1985, I denied that request because of the tenuous relationship between the Storage and Disposal Plan and the proposed UF₆ to UF₄ conversion facility.

I believe NACE's request for a hearing should be forwarded to the Commission for action. I have also enclosed NWC's letter seeking to raise the matter of the Storage and Disposal Plan in my proceeding.
