Dear Ms. Prange:

This letter is to inform you and the U.S. Nuclear Regulatory Commission that the Honolulu Police Department Crime Laboratory has decided not to possess and use the authorized material, which is P-32. We are requesting to terminate our license. Since this facility has never purchased P-32, no waste products were generated.

I have been in contact with the U.S. Nuclear Regulatory Commission License Fee and Accounts Receivable Branch in St. Louis, MO, and was told that if the termination letter is dated prior to March 31, 1997, then we are able to recover half of the License Fee. Therefore, I am requesting that this letter be processed as soon possible.

Thank you very much for your attention on this matter.
