SUBJECT: RESPONSE TO YOUR COMMENTS MADE DURING THE MARCH 4, 1997, PUBLIC
MEETING REGARDING BIG ROCK POINT DECOMMISSIONING

Dear Mr. Winnell:

During the March 4, 1997, public meeting regarding the decommissioning of the Big Rock Point Nuclear Plant (BRP), you and other members of the public asked a number of questions and made several comments. In particular, you provided me a written list of seven (7) conclusions and/or recommendations that the NRC staff should consider. Further, you also stated that the NRC staff has not responded to your questions following Consumer's Power submittal of their decommissioning plan back in February 27, 1995.

We are considering your conclusions and recommendation, as well as the comments made by other members of the public in our evaluation of the BRP Post-Shutdown Decommissioning Activities Report. We plan to respond to all public comments on the decommissioning of BRP in a forthcoming memorandum that will be available to members of the public and placed on the BRP docket.

If you have any questions, please call me at (301) 415-1169.

Sincerely,
