RE: DML:ND
40-6664

On January 15, 1968 a sales agreement was consummated between E. I. duPont de Nemours & Co. and Pansteel Metallurgical Corporation, One Tantalum Place, North Chicago, Illinois, 60064.

As a result of this agreement it is expected that operations currently performed at our Pigments Department Plant at Newport, Delaware, under Source Material License Number STB-489, expiring March 31, 1968, will be discontinued on or before June 30, 1968.

We request, therefore, extension of Source Material License Number STB-489 until June 30, 1968. This extension should more than suffice for the removal from the Newport Plant of any stock-piled radioactive material.

Very truly yours,

C. H. GILPIN
