Docket No. 50-412

Duquesne Light Company
ATTN: Mr. J. J. Carey
Vice President
Nuclear Group
Post Office Box 4
Shippingport, Pennsylvania 15077

Gentlemen:

SUBJECT: Inspection 50-412/85-21

This refers to the routine inspection conducted by Messrs. G. A. Walton and L. J. Prividy of this office on September 17 - October 22, 1985 at the Beaver Valley Power Station, Unit 2, Shippingport, Pennsylvania of activities authorized by NRC License No. CPPR-105 and to the discussions of our findings held by Mr. Walton with Mr. D. Denning and other members of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the NRC Region I Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation enclosed herewith as Appendix A. The violation identifies an apparent Quality Control inspector error. Based on our record review of previous reportable occurrences, this is the third occurrence of Quality Control inspector errors identified by independent audits. We request in your response, that you address this apparent repeat occurrence and its impact on the validity of Quality Control inspection reports previously accepted by your Quality Control Department. The violation has been categorized by severity level in accordance with the revised NRC Enforcement Policy (10 CFR 2, Appendix C) published in the Federal Register Notice (49 FR 8583) dated March 8, 1984. You are required to respond to Appendix A and in preparing your response, you should follow the instructions in Appendix A.

We received your response to our Notice of Violation identified in Inspection Report 50-412/85-16 regarding prompt disposition and correction of nonconforming conditions, and will perform additional inspections of your corrective actions in future inspections.
