Re: License No. SUB-908
Docket No. 040-07604

Subject: Mixed Waste Pond Closure Project
Field Change No. 022

Dear Sir:

In accordance with the mixed waste pond closure project field change approval procedure (BPCI Administrative Procedure AP-02), BP Chemicals, Inc. (BPCI) herewith submits for NRC review proposed Field Change No. 022. This field change proposes a repair method using flowable fill concrete to restore damaged edges of the anchor trench sidewall. This repair is needed to provide a smooth and uniform anchor trench edge for geosynthetic lining materials installation and anchoring in the trench.

Included for your review is a Dames & Moore sketch dated October 29, 1996 and flowable fill concrete specification from concrete supplier.

Your concurrence for this proposed field change is requested. This proposed field change has also been submitted to Ohio EPA. If there are any questions, please give me a call at (419) 226-1299.

Sincerely,

William M. Rupert, PE
Project Manager
