Dear Sirs:

Enclosed is our request for amendment to our ByProduct Material License No. 35-21159-01. The amendment is made necessary due to the purchase of Automation Industries, Inc. by Tech/Ops.

We are also requesting a change in our license which requires the individual radiographers and assistant radiographer to be listed in the license. We have had several resignations occur recently and we must hire personnel to replace these people. Record of each individual will be maintained for review by your office at any time.

We appreciate your consideration.

Sincerely,

James F. Hamilton
