Dear Chairman Palladino:

The American College of Nuclear Physicians (College) and the Society of Nuclear Medicine (Society) understand that the Commission has tentatively scheduled April 19, 1983 as the date to review the proposed rewrite of 10 CFR 35 (Physicians Use of Radioactive Drugs). In view of the impact these regulations have on the Nuclear Medicine community, the leadership of the Society and College respectfully request an opportunity to make a presentation before the Commission concerning these regulations.

On behalf of the College and Society, your consideration of this request is appreciated. Assuming this request meets with your approval, please contact me regarding the time on the agenda that the College and Society will have on April 19th, in order to present their views.

Sincerely,

Michael Payne

Director, Government Relations
American College of Nuclear Physicians
Society of Nuclear Medicine
