SUBJ: Teletherapy License Renewal

On April 17, 1985 we provided VA Central Office (VACO) our therapy license renewal application. On May 10, 1985 I learned that VACO had not forwarded the application to NRC. The enclosed application is a copy of the original application. You will receive the original, when VACO has processed it. Please grant us timely renewal status, even though our application is late. If you have any questions, please call me at 202-745-8390.

Dear Helen:

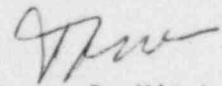

Enclosed please find one original and three copies of Veteran Administration, Washington, D.C. application for license renewal. Items 13 through 16 on Exhibit "A", page 55, appear to be incomplete.

Page 4 panel, I don't understand why the panel controls are defeated for the purpose of taking the wipe test. Is this just incidentally noted, since people are entering and leaving the room with door in the open position?

Page 5, 4, "carried" verses "carryied".

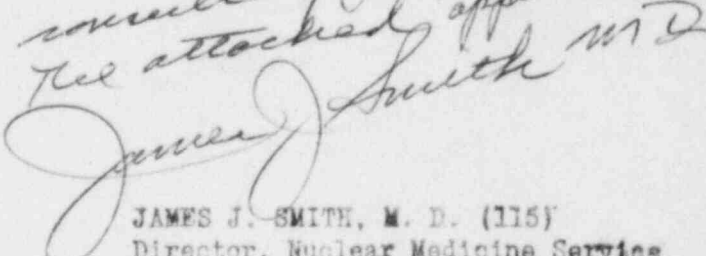

VAMC P & P memo No. 11-34, 14 August 1984, I would drop 3.b from this memo.

Sincerely,

Thomas G. Mitchell, Ph.D.

Environmental Health Sciences and Radiology;
Associate Director for Academic Affairs
