MEMORANDUM FOR: John G. Davis, Director
Office of Nuclear Material Safety and Safeguards

FROM: Richard E. Cunningham, Director
Division of Fuel Cycle and Material Safety

SUBJECT: SCHEDULE CHANGE FOR 10 CFR PART 35

This is a request for written authorization from your office to change the Part 35 schedule that was submitted on November 21, 1983 and approved by you on December 20, 1983, and the revised schedule that was submitted on June 14, 1984.

The concurrence package, comprised of a draft transmittal memorandum to Mr. Dircks, a staff paper, a Federal Register Notice, a copy of the instructions from the Commissioners to the staff, a Periodic and Systematic Review Analysis, a Regulatory Analysis, a draft Public Announcement, a draft Congressional letter, a draft Environmental Assessment, an analysis of comments received on the draft that was circulated on February 13, 1984, and a summary of human use licensee citations issued in 1982, was circulated for concurrence on July 13, 1984. Concurrences were due July 27, 1984. Three concurrences have been received.

Resolution of comments from the Office of the Executive Legal Director (ELD), which were extensive but not redirective, will require three or four weeks. Although the other offices have not met our suspense date, we expect concurrences will be received during the resolution of ELD's comments.

For these reasons, the following schedule is proposed:

Receive concurrences and resolve ELD comments	August 17, 1984
Incorporate comments that suggest clarification	August 24, 1984
Receive back from typing, proof, correct, and receive final copy	August 31, 1984
Forward package to Office Director	September 7, 1984
