RE: Amendment to License No. 22-20413-01 for Personnel  
Change of Radiation Safety Officer of Licensee

Dear Dr. Mallett:

Please be informed that as of 5 October 1984, our firm's present Radiation Safety Officer, Mr. Hans J. Regnier, will no longer be our Radiation Safety Officer of record.

The position of Radiation Safety Officer is being filled by Mr. James H. Overtoom, P.E., Regional Vice President of STS Consultants, Ltd. Mr. Overtoom's qualifications include successful completion of a training course at the National Accelerator Laboratory in Batavia, Illinois in 1969. Also, he has had extensive on the job use of nuclear moisture-density gauges from 1967 to the present time.

Please note again that the amendment request is for NRC License No. 22-20413-01 (fee Category 3-P, \$60.00).

Thank you for your prompt attention to this matter.

Very truly yours,

STS CONSULTANTS, LTD.
