Dear Ms. Buracker:

International Testing Laboratories requests that our license be terminated. We possess a single Ni source covered under Perkin Elmer's general distribution license #06-12135-12G. We do not possess anyother radioactive material.

Our Cesium 137 source was sold to Accu-Tech, Inc. Rahway, N.J. during the latter half of 1992. I have not yet retrieved the specific information regarding the date transferred, their license number, or the transfer papers. As soon as I have this information, I will forward it directly to you.

Thank you for your assistance.

Very truly yours,

Aaron Zwieback
