MEMORANDUM FOR: Files

FROM: William O. Miller, Chief, License Fee Management Branch, ADM

SUBJECT: FEE FOR LICENSE 42-19912-01

License 42-19912-01 was issued on February 16, 1982, to replace License 35-18252-01. The new license was issued in response to the licensee's November 12, 1981 letter informing the Commission of a change of address from Clinton Sherman Industrial Park, Burns Flat, Oklahoma, to P.O. Box 2988, Midland, Texas. The Licensing staff combined the request for a change of address with the licensee's earlier notification of a change in company name from Worth Well Surveys, Inc. to Bell Petroleum Surveys. A \$110 (5A) amendment fee was paid on June 15, 1981.

Since the new license was issued to maintain the correct state number designation, and since the Licensing staff informed us that an amendment-type review was performed for the changes requested by the licensee, the \$110 amendment fee collected on June 15, 1981, is the correct fee for License 42-19912-01.

SUMMARY

Ledge clarified that Bozeman will own matl. previously owned by Intensity Radiological.

I asked for two letters:

- (1) One from Intensity asking for termination
- (2) One from the administrator of Bozeman Deaconess asking that a new lic. be issued and radiating that the hospital would comply w/ (4 list) letters & applications noted in LC25 of current Intensity lic. (Amend. 08).

ATTN: Mr. Charles Cain

Dear Sirs:

We as Intercity Radiological Laboratories have been operating the Cobalt Radiotherapy equipment located in Bozeman Deaconess Hospital for several years under license # 25-14896-01. This letter is to confirm the changing relationship between Intercity Radiological Laboratories and Bozeman Deaconess Hospital. The hospital is in the process of purchasing the Cobalt Radiotherapy machine from Intercity Radiological Laboratories. In accordance with this changing relationship, we at Intercity Radiological Laboratories respectfully request termination of our license to operate the Cobalt Radiotherapy Unit in favor Bozeman Deaconess Hospital obtaining an appropriate license from the Nuclear Regulatory Commission.

We Radiologists will be working under the name of Intercity Radiology, PC and will continue to provide professional services to the Radiation Therapy patient of the Radiation Therapy Department of Bozeman Deaconess Hospital. As independent physicians, we are arranging to practice independently and charges for professional services and are now being made by separate billing to the patients from our office at 300 North Willson. This office is just across the street from the 22 W. Beall entrance to the Radiation Therapy Department of the Bozeman Deaconess Hospital.

Thank you for your attention and assistance.

Very Sincerely,

*Dail F. Lodge, M.D.*
