This refers to the routine safety inspection conducted by Mr. Charles Stearns of this office on August 15, 1985, of activities authorized by NRC License No. 06-13001-02 and to the discussions of our findings held by Mr. Stearns with yourself and Mr. Kravitz of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.
