Mr. Richard Cunningham, Acting Director
Division of Fuel Cycle and Material Safety
Office of Nuclear Material Safety, and Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Cunningham:

Transmitted with this letter are two (2) executed copies of Cardinal Operating Company's application to renew its Byproduct Material License (Number 34-16180-01). The license will permit the applicant to receive, inspect, store, possess, use and transfer Byproduct Material in accordance with the regulations of applicable parts to Title 10 of the Code of Federal Regulations, at the Cardinal Plant, located in Brilliant, Ohio.

This application is considered to be a Category 3L Renewal under 10 CFR 170.31 and a check for \$110.00 is enclosed to cover the required fees.

If there are any questions concerning this application, please contact myself or Mr. Robert W. Jurgensen, our Chief Nuclear Engineer.

Very truly yours,
