ATTN: Mr. L. S. Bohl, Manager
Quality Assurance and Reliability Operation
175 Curtner Avenue

Gentlemen:

Thank you for your letter of May 22, 1985, in response to our letter dated April 29, 1985. We have reviewed Attachment I, Items 1-4, and 7, and find them responsive to the concerns raised in our Notice of Nonconformance. Our review of the implementation of your corrective actions was conducted as part of our (85-01) inspection, March 4-6, 1985, and at that time full compliance was demonstrated.

Insofar as Attachment I, Items 5 and 6 are concerned, we acknowledge your response which stated that the SAP4G07 computer program had been independently verified and judged to be adequate by your design review team. Therefore, these two nonconformances will remain open and will be reviewed during a future inspection.

Sincerely,

ORIGINAL SIGNED BY:
