Gentlemen:

Enclosed is a corrected copy of Amendment Number 02 to your License Number 21-24380-01 adding the three locations and two physicians that you requested in your applications dated June 27, 1985 and September 1, 1985. Please note that Drs. A. Melicor and Quan Hu Ha have been added for Groups I and II only. In order to be added for Group III they must document training and experience eluting Mo99/Tc99m generators at least 5 times and preparing at least 5 reagent kits or referencing an NRC license that currently lists them for Group III.

If you have any questions or require clarification on any of the information stated above, you may contact us at (312) 790-5625.

Sincerely,

Original Signed By
