Mr. David H. Pingree, Secretary  
Department of Health and  
Rehabilitative Services  
1317 Winewood Boulevard  
Tallahassee, Florida 32301

Dear Mr. Pingree:

This is in response to your letter dated October 28, 1985 responding to our comments following the 1985 review of your Radiation Control program.

We are pleased with the State's plans and commitments for the issuance of enforcement letters, and for the improvements made in other areas of the program. In the staff's opinion, the Florida radiation control program for agreement materials is adequate to protect the public health and safety and is compatible with the regulations of the Commission.

If you have any questions or desire to discuss this matter with me, please do not hesitate to call.

Sincerely,
