

WATERFORD OPEN ISSUE

Task: *A-53; A-93

Ref. No.: 4-83-A-88/5; 4-83-A-88/3A5

Characterization: Program for ID and clearing of problems was almost nonexistent.

Initial Assessment of Significance: Nonconformances may not have been identified and corrected, could impact installed systems.

Source: Unknown allegation; Wolf Creek allegation

Approach to Resolution:

1. Previously reviewed by RI. See information in file/safe.
2. Review and evaluate information.
3. Probably should be worked with items on corrective action; 4-83-A-65, item 1; 4-83-A-81, item 7; 4-83-A-88, item 2C.
4. Evaluate for generic/safety implications.
5. Report results of review/evaluation of allegation.
