Dear Mr. Martin:

Thank you for your letter of November 13, 1985 in follow-up to the recent visit of Mr. Robert J. Doda to our Department for the purpose of reviewing our Radiation Control Program.

We appreciate the review provided by Mr. Doda and the recommendation regarding procedures for categorizing the seriousness of violations of radiation control rules. Steps to implement this recommendation are underway under the guidance of Mr. Mount.

I enjoyed the opportunity of meeting with Mr. Doda on October 25th, and I look forward to a continuing positive relationship with your office.

Sincerely,
