Dear Senator Specter -

I am in your Hqy office & spoke with Mrs.
Chiavetta. She said put this in writing for D.C.

I was a Rep. committeewoman for Swatara ward
#9. I resigned because of the "political" problem
surrounding TMI.

I helped with the don to don Carmalt survey
in the west side of the River. Affidavit #1.
of the Carmalt motion was also a ^{Rep.} Committeeman
& a J.P.

We believe there is evidence of wrong
doing by the Gov, the Health Dept & others
in the Commonwealth.

We have asked & are still working on
a Congressional Investigation of TMI Health effects
& the NRC.

There is much more to learn.

I believe the Gov has been a bad boy &
sold out. Willing to meet with you &
your staff anytime.

Mrs. M. Carmalt knows
I planned to see you why.

(over)

We request continued NRC oversight of the
TMI restart at least thru summer of 86.

When the inspectors are not on the island is
when the mice mess around.

Thank you.
