Division of Fuel Cycle & Material Safety
Office of Nuclear Material Safety & Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 29555

Subject: Item 10. Calibration of Survey Instruments.
License Number 13-01674-01

Attention: Mr. Ralph Meyer

Dear Mr. Meyer,

Our current license states that James Durlacher will perform the calibration tests on our survey instruments annually and following repair. Mr. Durlacher will no longer be providing this service to our hospital.

Mr. Arnold Sorensen B.S. will be our new consultant. He is a physicist at Deaconess Hospital and is licensed by the NRC to perform this service. Please refer to NRC license number 13-00142-02 (Deaconess Hospital) for additional information.

Sincerely yours,

Dennis Eckert CNMT

Dennis Eckert CNMT
