Dear Mr. Noonan:

We have reviewed your letter of September 30, 1985 requesting additional information on FSAR amendments 54 and 55. The following is our response to the two questions listed in the enclosure to your letter:

Question 1

We will add note B to the column labeled "Quality Assurance" for the suction pipe and debris screen listed under item g of Table 17A-1, Sheet 21.

Question 2

We will incorporate the revised wording as suggested.

These changes will be incorporated in an upcoming FSAR amendment.

Very truly yours,
