RE: Reply to a Notice of Violation
Docket No. 030-14264
License No. 34-07043-04

Gentlemen:

This letter is in response to your "Notice of Violation" dated February 20, 1997. The violation cited was failure to post conspicuous signs bearing the radiation symbol and the words "Caution Radioactive Material" in our storage area as required by 10 CFR 20.1902(e).

The posting of these signs had been inadvertently overlooked. The signs were posted on January 29, 1997 at our Grafton site. We checked our Perry storage site and new signs were posted there on February 17, 1997. All of our active storage sites have new, conspicuous signs as of the February 17, 1997 date.

To prevent another occurrence of this violation, checking for these signs has been included on the RSO's checklist for inventory/wipe testing.

Full compliance for this violation was achieved on March 5, 1997.

If you should have any questions, please call me on 216-604-9805.

Sincerely,

A handwritten signature in cursive script that reads 'David D. Browning'.
