APPLICANTS' MOTION FOR EXTENSION OF TIME  
WITHIN WHICH TO RESPOND TO OCRE MOTION TO  
REOPEN THE RECORD AND TO SUBMIT A NEW CONTENTION

Pursuant to 10 C.F.R. § 2.711, Applicants respectfully request an extension of the applicable time limit for responding to Ohio Citizens for Responsible Energy's Motion to Reopen the Record and to Submit A New Contention, dated February 3, 1986. Applicants request that the time limit for their response be extended one week, from February 18, 1986, to February 25, 1986.

Since receiving OCRE's motion, Applicants' personnel and expert consultants who are most knowledgeable about the January 31, 1986 Ohio seismic event have been occupied in preparing analyses and reports addressing the event, and in presenting findings to the NRC Staff. The additional time requested herein is necessary to enable Applicants to prepare a detailed and complete response to OCRE's motion, which will

incorporate the results of Applicants' recently completed analyses.

Ms. Hiatt and Ms. Woodhead have indicated to the undersigned that they do not object to the Appeal Board granting Applicants an extension of time to respond to OCRE's motion.

For these reasons, Applicants believe there is good cause for the extension requested, and respectfully request the Appeal Board to grant the instant motion.

Respectfully submitted,

SHAW, PITTMAN, POTTS & TROWBRIDGE
