Mr. Wilson K. Cadman  
Chairman of the Board and President  
Kansas Gas and Electric Company  
201 North Market Street  
Post Office Box 208  
Wichita, Kansas 67201

Dear Mr. Cadman:

Thank you for your letter dated October 23, 1985, which provided information related to the rate order received from the Kansas Corporation Commission on September 27, 1985. Your letter provides Kansas Gas and Electric Company's assurance that adequate resources will be provided to ensure safe operation of Wolf Creek Generating Station even if it requires cutting back on other corporate programs and diverting the necessary funds to Wolf Creek operations.

I commend your decision and public statements committing your company's resources to the safety of the Wolf Creek plant. I recommend that you assure the successful implementation of your stated policy by carrying out close personal overview of operations at Wolf Creek to assure that sufficient funding is being applied to operation of the unit.

Sincerely,

(Signed) William J. Dircks
