Dear Mr. McCann:

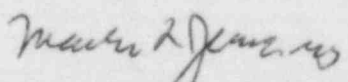

Would you please update our NRC License application #21-18502-01 issued to Holland Community Hospital to reflect the purchase of a new dose calibrator. The new dose calibrator was tested for accuracy, linearity and geometric variation upon installation. The following items need revisions:

1. Appendix C part 2 should be changed to: Manufacturer's name: Syncon (Capintec). Manufacturer's model number: CRC - 7. Instrument available: 1.
2. Item number 10 page 6 of 9 of the letter dated April 25, 1983 should be updated to our enclosed revised policy.

If you require further information, we will be happy to supply it.

Sincerely,
