TRANSMITTAL OF STATE AGREEMENTS PROGRAM INFORMATION (SP-97-021)

Your attention is invited to the enclosed correspondence which contains:

INCIDENT AND EVENT INFORMATION.....

PROGRAM MANAGEMENT INFORMATION...

TRAINING COURSE INFORMATION..... XX LIST OF TRAINING COURSES  
FOR THE REMAINDER OF  
FISCAL YEAR 1997

TECHNICAL INFORMATION.....

OTHER INFORMATION.....

Supplementary Information: Enclosure 1 is the list of materials courses that will be offered during the remainder of fiscal year 1997. The list was revised to adjust the schedules for several courses. Please note, by fax from Paul Lohaus, Deputy Director, Office of State Programs (OSP), dated November 8, 1996, the Radiation Control Program Directors were notified that the Commission has approved Agreement State personnel attendance at NRC training courses without charge, on a space available basis, consistent with the Commission's preliminary views on Direction Setting Issue #4, "NRC's Relationship with Agreement States." Agreement States are responsible for travel and per diem expenses associated with course attendance.

Please complete the standard application form and submit it to the OSP contact person on the list. Applications can be submitted at any time; however, applications should be to OSP at least eight (8) weeks prior to the beginning of the course. We recognize that a few of the early courses may already be within the eight week period. Please submit any applications for those classes as soon as possible.

In addition, we are considering using this letter as the only notice for these courses (i.e., we would discontinue sending out a separate letter notifying you that a particular course is scheduled and asking that you submit applications for that course). We would appreciate
