William J. Adam, Ph.D.
Materials Licensing Section
United States Nuclear Regulatory Commission
Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

Dear Dr. Adam:

In our agency we are required to route all license correspondence through our Regional Office to Washington, D.C. and then to the NRC. Because of the timeframe commitment which we must meet we are hand carrying this advanced copy of our license transaction.

Thank you in advance for your consideration in this matter.

Sincerely yours,

A handwritten signature in dark ink, appearing to read 'John R. Fears', written over the typed name and title.

JOHN R. FEARS
Director
