Re: License No. 12-15880-01

Gentlemen:

At this time Cherry Electrical Products Corporation is applying for renewal of its license to hold and use radioactive materials, explicitly Krypton 85 gas.

We have not used any Krypton 85 for about two years and may not use any in the future, but we want to keep the license active in case a new product may require the use of Krypton 85.

Sincerely,

CHERRY ELECTRICAL PRODUCTS CORPORATION
