- d. By September 30, 1985,
 - i. Complete earthwork on site.
 - ii. Complete radiation surveys and soil sampling.
 - iii. Complete seedbed preparation.
- e. By January 31, 1986, seed all affected areas.

Final site decommissioning, decontamination and reclamation shall be completed by January 31, 1986. Final site decontamination and decommissioning shall be conducted in accordance with License Condition No. 37.

All other license conditions shall remain the same.

The effect of this amendment is to modify the completion date for seeding all affected areas as well as extend the date for final site decommissioning, decontamination and reclamation.

The issuance of this amendment was discussed via telephone conversation between your Mr. Appel and Mr. Hildenbrand on my staff on October 13, 1985.
