Gentlemen:

Attached is an application for renewal of U.S. NRC License #24-18814-01 issued to Internal Medicine Group of Cape Girardeau.

We would also like authorization in accordance with 10 CFR 20.501 to dispose of the following records subsequent to NRC inspection of these records:

- Dose calibrator accuracy, constancy and linearity checks
- Survey meter calibration forms
- Instrument calibration and quality assurance records (e.g. camera)
- Records of training for occupation and nonoccupational personnel.

provided that:

- The record was examined during a routine NRC inspection
- The record is in excess of two years from the date of generation.
- Disposal of the record does not conflict with the requirements of other state and federal agencies.

We have attached our ALARA program.
