Dear Dr. Adam:

Enclosed is an amendment to NRC license 12-24371-01. The changes requested are detailed as follows.

1. Changes in Item 3 and Item 4 to reflect current personnel and mailing information.
2. Addition of seven users of licensed material and the correction of the name of an existing user, Item 6.
3. Addition of a cesium-137 sealed source irradiator under Item 8, licensed material, and Item 9, storage of sealed sources.
4. Addition of two portable survey meters to Item 10, Radiation Detection Instruments.
5. Change to yearly calibration of detection equipment and change in the calibration service company, in Item 12.
6. Inclusion of 7 more laboratories to the facilities approved for use of radioactive materials, in Item 13.

Remittance is enclosed for the license amendment fee. Please do not hesitate to call if there are any questions concerning the license amendment.
