J. R. Madera
Materials Licensing Section
NCR, Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

Dear Mr. Madera,

The following is the information you requested in your letter of November 5, 1985. This is in reference to Control Number 76945.

TRAINING QUALIFICATIONS FOR DR. GEORGE BEDARD TO ACT AS A LICENSED USER AND RADIATION PROTECTION OFFICER.

1. M. S. and Ph. D. in Nuclear/Elementary Particle Physics.
2. 4 semester of experimental elementary particle seminars which included radiation safety.
3. American Association of Physics Teachers short course in health physics.
4. Have taught health physics at the College of Pharmacy for the past five years. One fourth of this course deals with radiation detection and safety.

QUALIFICATIONS FOR DR. MARTINEZ.

- | | |
|------------------------------|------------------|
| 1. General Bionucleonics | 2 semester hours |
| 2. General Bionucleonics Lab | 1 semester hour |
| 3. Health Physics | 1 semester hour |

These courses were taken at Purdue University.

Note: Dr. Zimmer is to be removed from user list, not added to the list of users.
