Dear Mr. Hickey:

Per our telephone conversation on August 8, 1985, we are setting up a warehouse for storage and distribution in El Paso, Texas. The address of the facility is 21- B Zane Grey, City of El Paso, El Paso, Texas 79936.

At this time, we are requesting an amendment to the above referenced license be completed to authorize the distribution of our ionization smoke detectors from the above location.

Attached please find a copy of our radioactive material license from the State of Texas, and a check of \$120.00 for an amendment fee.

Your earliest cooperation in expediting this matter will be greatly appreciated.

If you have any questions, please don't hesitate to call.

Sincerely,

Tom Barakat

CONTINUED:

12. Radioactive material shall only be used by, or under the supervision of, individuals designated by the Radiation Safety Officer.
13. The individual designated to perform the functions of Radiation Safety Officer for activities covered by this license is Tom Barakat.
14. The licensee shall not open or remove sealed sources containing radioactive material from their respective source holders.
15. Sealed sources of radioactive material, Nickel 63 foil, and/or plated alpha emitting sources shall be tested for leakage and/or contamination in accordance with the provisions of Texas Regulations for Control of Radiation 11.7.
16. Except as specifically provided otherwise by this license, the licensee shall possess and use the radioactive material authorized by this license in accordance with statements, representations, and procedures contained in the following:

application dated May 20, 1985,
letter dated July 17, 1985.

The Texas Regulations for Control of Radiation shall prevail over statements contained in the above documents unless such statements are more restrictive than the regulations.

Gentlemen:

This refers to your letter dated April 23, 1985, for an amendment to Materials Licenses 12-15537-01 and 12-15537-02E to reflect an organizational change.

Amendment fees totalling \$350 are required as specified in fee Categories 3B (\$120) and 3H (\$230) of \$170.31 of the enclosed 10 CFR 170. Payment should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention. 4/20

Your request will be sent to the Licensing staff for processing upon receipt of the fee. When submitting the fee, please refer to CONTROL NUMBERS 018907 and 018912.

Sincerely,

REMARKS

I presume they need some
sort of device evaluation
but new or amendments??
Also, how many??
I know in pressing my
luck, but could you also let me
know if both licenses need emts??
(E) license was not on shelf! Thanks!

DO NOT use this form as a RECORD of approvals, concurrences, disposals,
clearances, and similar actions

Glinda -

1- Amendment to a devise
I would guess that only the "E" devise
needs to be amended. Although it may
be a case by case judgment I would
suggest Amending the "E".
