Dear Mr. Fiscina:

SUBJECT: MODIFICATION NO. 3 TO TASK ORDER NO. 11 UNDER
CONTRACT NO. NRC-26-91-292

As you are aware, the subject task order expired on August 19, 1994. Based on our records there are excess funds remaining under the task order. Pending completion of all required closeout requirements, it is necessary to deobligate the excess funds remaining under the task order for other immediate agency requirements.

Although your organization accepted the NRC's determination that excess funds in the amount of \$639.57 could be deobligated from the subject task order, a further review of our records indicate that 15% of fee to be retained by the Government pending final closeout of the contract was not withheld. As a result, no action was taken under Modification No. 1 dated December 22, 1995, to this task order. Subsequently, the NRC issued Modification No. 2 dated July 19, 1996, which accurately reflected funds in the amount of \$381.82 to be deobligated. However, your organization has not returned the required copies.

As a result of the above, a unilateral decision has been made by the Contracting Officer to deobligate the excess funds under the subject task order. Therefore, it is brought to your attention that Modification No. 2 under this task order dated June 19, 1996, is hereby rescinded and no further action is required by your organization.

Accounting and appropriation data for this modification is as follows:

B&R No.	482-19-301-401
JOB Code	L15833
BOC	2542
APPN No.	31X0200.824
Deobligation Amount:	\$381.82

A summary of obligations for this task order from the date of award through the date of this action is provided below:

Total FY93 obligation:	\$24,737.29
Total FY97 deobligation:	\$ 381.82

Cumulative total of NRC obligations: \$24,355.47

This modification deobligates funds in the amount of \$381.82.
