

NOV 27 1985

MEMORANDUM FOR: John G. Davis, Director
Office of Nuclear Material Safety and Safeguards

THRU: Richard E. Cunningham, Director
Division of Fuel Cycle and Material Safety

FROM: W. T. Crow, Acting Chief
Uranium Fuel Licensing Branch

SUBJECT: ITEMS OF INTEREST

Niagara Mohawk Power Corporation, Nine Mile Point Nuclear Station, Unit 2

On November 27, 1985, Niagara Mohawk Power Corporation was issued Materials License No. SNM-1895 for Nine Mile Point Nuclear Station, Unit 2, authorizing the receipt, possession, inspection, and storage of uranium enriched in U-235 isotope contained in fuel assemblies. The Station had been previously authorized to receive, store, install, and perform preoperational tests of neutron detectors containing uranium enriched in the U-235 isotope. All materials are for eventual use at Nine Mile Point Nuclear Station, Unit 2.

Babcock & Wilcox, Apollo and Parks Township

On November 21, 1985, members of the staff (ELD, Region I, NMSS) met with a group of concerned citizens representing the Kiski Valley Coalition (KVC) to discuss Babcock & Wilcox's (B&W) Pennsylvania operations. Included in the group was the Mayor Elect of Apollo, Pennsylvania. The KVC is concerned about past and future operations of B&W's Apollo and Parks Township plants.
