SUBJECT: WET-WEATHER STREAM RELEASE (TAC NO. L30746) DOCKET NO.
70-1201, SNM-1168

Dear Mr. Lamastra:

This letter is in response to NRC memorandum to Michael F. Weber from M.X. Lamastra dated February 18, 1997, entitled "Summary of February 5, 1997, Meeting With B&W Fuel (Framatome Cogema Fuel)". This memorandum, in addition to the correspondence dated November 5, 1996, requested additional information to support the final action of FCF's request to free release the wet-weather stream. As conveyed to you via telephone conversation, FCF is not able to submit the information within the 60 day time frame. We will be able to submit the information by June 30, 1997.

Should you have any questions or comments, please feel free to contact me at (804) 832-5202.

Sincerely,

FRAMATOME COGEMA FUELS
Lynchburg Manufacturing Facility
