Gentlemen:

SUBJECT: FOLLOW-UP TO NRC REQUEST FOR INFORMATION,
(REFERENCE: 50388; 030-20161)

This refers to your letter of October 17, 1984, requesting addition of Richard Jackson, M.D., as authorized user on License No. 45-23007-01, and to our letter of November 19, 1984, requesting additional information on Dr. Jackson's training and experience.

This also refers to the telephone conversation of November 26, 1984, between Dr. John Weaver and the undersigned. Based on your request in that conversation, we referred your application of October 17, 1984, to our Advisory Committee on Medical Uses of Isotopes (ACMUI) for review.

Their review has been completed, and they have recommended that your request to add Dr. Jackson as authorized user not be approved. The primary basis for their decision was that Dr. Jackson's training and experience as related to us did not meet the NRC criteria as specified in Appendix A of Regulatory Guide 10.8

We regret any inconvenience this matter may have caused you, and when Dr. Jackson has received the necessary training and experience, we shall be pleased to consider another application to add him to the list of authorized users on License No. 45-23007-01.

Sincerely,

Earl G. Wright
