Subject: REPORT ON CHANGES TO THE IMPROVED TECHNICAL SPECIFICATION BASES

Dear Sir:

Florida Power Corporation (FPC) is submitting this report of changes to the Improved Technical Specification (ITS) Bases. This report is required by Crystal River Unit 3 (CR-3) Improved Technical Specification 5.6.2.17. The attachment contains revisions to the CR-3 ITS Bases that update NRC copies of the ITS. An instruction sheet for the replacement pages and a List of Effective Pages is also provided. FPC performed a 10 CFR 50.59 evaluation on each change, each change package was reviewed by the Plant Review Committee, and a copy is maintained as a CR-3 quality record.

Sincerely,

David F. Kunsemiller, Director
Nuclear Regulatory Affairs
