422 South Church Street
Charlotte, NC 28242

Gentlemen:

SUBJECT: MCGUIRE RADIOLOGICAL EMERGENCY PLAN REVIEW
DOCKET NOS. 50-369 AND 50-370

We have completed our review of Revision 19 of the McGuire Radiological Emergency Plan, dated January 1986.

Our review indicates that these changes to your McGuire Radiological Emergency Plan appear to meet the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR 50.

Please be reminded that 10 CFR 50.54(q) requires NRC approval of any changes to your plan which may decrease the effectiveness of the Plan. However, if your safety review indicates no difference in emergency preparedness, then changes can be made without NRC approval. In all cases, you should furnish copies of each proposed change to the NRC in accordance with 10 CFR 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of 10 CFR 50, Appendix E, Section V.

Should you have any questions regarding this letter, please contact Mr. Thomas R. Decker of our staff at 404/331-2600.

Sincerely,

Virgil L. Brownlee, Chief
Reactor Projects Branch 3
Division of Reactor Projects
