Dear Mr. Riemer:

This addresses your facsimile dated October 28, 1996, as well as several telephone conversations with members of my staff to resolve annual fee billing issues for your licenses.

Regarding License NR0440S105S -- we have been informed by the Licensing staff that this registration is for NARM material (naturally occurring and accelerator produced radioactive material) which is not subject to NRC regulations. Therefore, the registration is not subject to NRC fees. Invoice Nos. AM0633-93, AM5306-95, and AM6244-96 have been cancelled.

Regarding License 24-04206-04MA -- based on a revision to 10 CFR 32, the requirement for this license was rescinded effective January 1, 1995. Therefore, annual fees are not required for this license. Annual fee Invoice AM5310-95 has been corrected to reflect 50 percent proration.

The addresses for your various licenses have been revised to reflect your billing address as you requested.

Refunds for the invoices noted above have been processed. You may have already received them. If you have any questions regarding the above, please contact Sandra Kimberley at 301-415-6096.

Sincerely,

*Signed by*
