**PART II. B — APPLICABLE EXEMPTIONS**

Records subject to the request that are described in the enclosed Appendix(es) D & E are being withheld in their entirety or in part under the Exemption No.(s) and for the reason(s) given below pursuant to 5 U.S.C. 552(b) and 10 CFR 9.17(a) of NRC regulations.

	1. The withheld information is properly classified pursuant to Executive Order. (Exemption 1)

	3. The withheld information is specifically exempted from public disclosure by statute indicated. (Exemption 3)
	Sections 141-145 of the Atomic Energy Act, which prohibits the disclosure of Restricted Data or Formerly Restricted Data (42 U.S.C. 2161-2165).
	Section 147 of the Atomic Energy Act, which prohibits the disclosure of Unclassified Safeguards Information (42 U.S.C. 2167).

XX	5. The withheld information consists of interagency or intraagency records that are not available through discovery during litigation. (Exemption 5). Applicable Privilege:

Where records are withheld in their entirety, the facts are inextricably intertwined with the predecisional information. There also are no reasonably segregable factual portions because the release of the facts would permit an indirect inquiry into the predecisional process of the agency.

	Attorney-client privilege. (Confidential communications between an attorney and his/her client.)
	6. The withheld information is exempted from public disclosure because its disclosure would result in a clearly unwarranted invasion of personal privacy. (Exemption 6)
	7. The withheld information consists of records compiled for law enforcement purposes and is being withheld for the reason(s) indicated. (Exemption 7)
	Disclosure could reasonably be expected to interfere with an enforcement proceeding because it could reveal the scope, direction, and focus of enforcement efforts, and thus could possibly allow recipients to take action to shield potential wrongdoing or a violation of NRC requirements from investigators. (Exemption 7 (A))
	Disclosure would constitute an unwarranted invasion of personal privacy. (Exemption 7(C))
	The information consists of names of individuals and other information the disclosure of which could reasonably be expected to reveal identities of confidential sources. (Exemption 7 (D))

Re: FOIA Request for ComSecy documents

Under the Freedom of Information Act, I am requesting all of the ComSecy's initiated by the NRC Commissioners since July 1995 pertaining to international travel, travel guidelines and policies for commission and staffers, international programs the Chairman or other commissioners may be interested in establishing or participating in, and international cooperation and research efforts initiated by the Chairman or other commissioners. I am particularly interested in any ComSecy communications between Commissioner Greta Dicus and the Chairman on this subject.

In addition to ComSecy papers and correspondence between commissioners on the subject of international programs, cooperation, research, travel and new initiatives, I am also seeking all correspondence from Chairman Jackson to other agencies in the U.S. and abroad on these same international issues. I also seek any memoranda or other documents generated by the commissioners and/or sought from the NRC staff in support of such international efforts.

This request is being made on behalf of Inside N.R.C. and Nucleonics Week, independent newsletters published by McGraw-Hill, with readers in government, industry and the general public. The information I am requesting will be used in the preparation of news articles, which will benefit the public. Therefore, I ask that all search and copying fees be waived. If they are not, McGraw-Hill is prepared to pay normal NRC fees.

Please contact me at (202) 383-2161 if you have any questions. Thank you in advance for your assistance.

Sincerely,

*Kathleen Hart*
