Gentlemen:

SUBJECT: RESPONSE TO EMERGENCY PLAN DEFICIENCY - SEQUOYAH NUCLEAR PLANT
DOCKET NOS. 50-327 AND 50-328

This office received your letter dated December 16, 1985. We have reviewed your comments in conjunction with the Sequoyah Nuclear Plant REP, Revision 22, dated September 30, 1985, and have found your response to be acceptable. In addition, Mr. Barry Marks of your staff provided a copy of the procedure used for agreement letter updates. Mr. Marks agreed to reference this procedure in the appropriate section of the Sequoyah REP during the next revision process. As a result, we find these actions acceptable to correct the deficiency.

If you have further questions or would like to discuss this matter, please contact Mr. T. R. Decker of our staff at FTS 242-2600 or (404) 331-2600.

Sincerely,

John A. Olshinski, Deputy Regional
Administrator for TVA
