Gentlemen:

Subject: Inspection No. 85-01

This refers to your letter dated October 23, 1985, in response to our letter dated October 3, 1985.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Concerning Item A of your response, the Technical Ops Model 488 source exchanger used to transport a type B quantity of cobalt-60, on April 15, 1985, was authorized for shipment of such quantities per 49 CFR 173.416(a). Please note that DOT Specification 55, authorizing this package, expired on June 30, 1985 and further use of this package for transporting type B quantities will result in non-compliance.

Your cooperation with us is appreciated.

Sincerely,

Original Signed By:
