Dr. J. R. Sumpter
Manager, Nuclear Engineering
Houston Lighting and Power Company
P. O. Box 1700
Houston, Texas 77001

Dear Dr. Sumpter:

Quadrex/Nuclear Services Corporation is pleased to respond to your request for a brief two week engineering audit of Brown and Root covering a number of technical disciplines. This audit would start in early February and be accomplished in a sequential manner as you requested. The proposal estimate is based upon one Quadrex/NSC technical participant in a technical discipline area with the entire audit coordinated by myself and Mr. Thomas J. Pashos. Please note that Mr. Pashos' services should be contracted for and paid directly from HL&P; the cost of his services are not included in this estimate. The individuals proposed are as follows:

- | | | |
|------------------------------|---|--------------------------------|
| (1) Electrical: | Donald G. Scapini | |
| (2) Civil: | Richard Koppe | (alternate: Quazi A. Hossain) |
| (3) Mechanical: | Douglas P. Munson | (alternate: C. Earl Willey) |
| (4) Nuclear: | Hanson Yao | |
| (5) Radiological
Control: | Herbert R. Booth | (alternate: Randolph Sullivan) |
| (6) Geotechnic: | To be determined; still under development | |
| (7) HVAC: | Milton Frankel | (alternate: Ram P. Bhat) |

For each of these individuals, five working days has been estimated for preparation, travel, audit, and report preparation time.

The estimated time and materials cost for these individuals (excluding Geotechnic at this time and Mr. Pashos) is \$32,500.

Brief resumes of these individuals will be mailed to your office on January 6th; in the meantime, I would like to schedule your visit next week to our offices as soon as possible.
