Dear Mr. Kester:

In reply to your letter of March 3, 1959, you are advised that application for renewal of Byproduct Material License 24-2261-1 should be promptly made; otherwise, you may place the McDonnell Aircraft Corporation in the position of processing byproduct material which is not covered by a valid byproduct material license.

It will be possible at a later date to request cancellation of licenses covering material which is to be included under a license of broader scope.

Very truly yours,
