COMMISSION  
MAIL SECTION

January 27, 1981

Mr. James A. Jones  
Material Licensing Branch  
Division of Fuel Cycle and Material Safety  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Jones:

Please refer to your letter of March 25, 1980, concerning our License Number 35-19160-01. The detailed outline of the training to be provided individual users is attached as requested.

Mr. Melvin Coffey, named in Condition 12 of the license, is retiring and we would like to designate Mr. Zack R. McCain, Jr., to replace him. Mr. McCain has completed the one-day safety training provided by Seaman Nuclear and has worked with Mr. Coffey in using the various meters and training others in nuclear safety. He has spent approximately two days in self-study of nuclear safety material of Troxler and Campbell Pacific Nuclear. Further, he is a graduate Mechanical Engineer and registered in Oklahoma (PE Number 10008).

Concerning our Regional Radiation Safety Officers, we submit the following names:

Northeast Region, New York City, NY  
Joseph Giambrone, Maintenance Management Officer

Mr. Giambrone was trained by Mr. Coffey of this office. The training consisted of reviewing nuclear safety material provided by the manufacturer (1/2 day) and several days of on-the-job training in use of the nuclear moisture meter. Further, Mr. Giambrone is licensed for radioactive material in two states (New Jersey #90224, Connecticut #79-323).

Southern Region, Memphis, TN  
Raymond H. Wilson, Maintenance Management Officer

Mr. Wilson has received training by Seaman Nuclear (1 day) and Troxler (2 days), and has received on-the-job training by Mr. Coffey.

07003

07003

Central Region, Chicago, IL  
James Wilson, Maintenance Management Officer

Mr. Wilson has received the one-day training provided by  
Seaman Nuclear and on-the-job training by Mr. Coffey.

Western Region, San Bruno, CA  
James Gericke, Maintenance Management Officer

Mr. Gericke has received the two-day training provided by  
Troxler and several days of on-the-job training by Mr. Coffey.

The position in our Eastern Region is presently vacant. We will  
submit that name when a person is designated and trained.

Thank you very much for your assistance in making these changes.

Sincerely,

Peter A. Jacobson  
Director  
Office of Maintenance Management
