Washington, D.C. 20555

U.S. N.R.C.  
LIC. FEE MGMT. BRANCH

Dear Mr. Jerman:

Slippery Rock University wishes to amend its materials license, docket number 37-13251-02, in order to conduct a field study of radioisotope phosphorus-32 uptake by plants.

The study will be performed in an isolated area near an abandoned strip mine in Western Pennsylvania.

Please advise what farther steps are required for NRC permission.

Respectfully yours,

*Cyril E. Sagan*

Cyril E. Sagan, Associate Professor  
Department of Chemistry
