Dear Mr. Halberg

This letter will confirm that John K. Kelly, D.O., was certified in Diagnostic Radiology on July 15, 1982, by the American Osteopathic Board of Radiology. The examination process included both a written and oral examination in nuclear medicine.

John K. Kelly was recertified in Diagnostic Radiology on May 17, 1992, by the American Osteopathic Board of Radiology. Recertification is awarded for a ten year period. The recertification examination is a written examination in which nuclear medicine is equally weighted with all other sections.

Enclosed is Part 35 Subpart J of the Rules and Regulations of the United States Nuclear Regulatory Commission in which the NRC recognizes AOBR certification as qualification for licensing.

If you have any questions or I can provide further information, please contact me.

Sincerely

Pamela A. Smith
Executive Director
